

See First. Understand First. Act First.

When lives are on the line, only Polycom can deliver on-demand voice, video, collaboration and infrastructure solutions to our government agencies and our men and women on the battlefield to improve situation assessment and information sharing for faster, more informed decision making.

Integrators and Partners

Since 1990, Polycom has worked closely with some of the world's leading service providers and partners to solve critical communication issues for federal, state and local agencies across the world. For convenience, flexibility and speed, Polycom's voice, video and collaboration solutions are available on these GSA contracts offering our customers easy access to our products and services.
