

▶ EMEA Polycom[®] RMX 2000[™] / RMX 4000[™] and Polycom CMA[™] Solution Offer

Video, Management, and Multipoint at a great price!

NST: 2009-06-30047

The **Polycom RMX 2000[™]/RMX 4000[™]** and **Polycom CMA 4000[™]/CMA 5000[™]** high performance solutions enable organizations to deploy high definition multiparty conferencing and desktop clients. Organizations looking to enhance productivity gain a competitive advantage and collaborate over distance with these powerful visual communication solutions from Polycom.

Polycom RMX[™] and CMA[™] Solution offer – Purchase any RMX 2000 / RMX 4000 multipoint conference platform with the Polycom CMA 4000 or CMA 5000 (200 – 1000 devices) and receive 20% off of the CMA 4000 or CMA 5000.

The award-winning **Polycom RMX 2000[™]/RMX 4000[™]** outperforms any bridge in the market today and delivers unsurpassed **quality and scale** delivering 720p/60fps or 1080p/30fps. Users benefit from **enhanced resolutions** with legacy endpoints. The Polycom **CMA 4000[™]** or Polycom **CMA 5000[™]** **simplifies the management** of multiple bridges and vastly improves the ability to **simply and securely deploy**. The CMA solution provides **quantifiable data** to justify the visual communication investment with simplified tracking and reporting.

An additional benefit of the Polycom Converged Management Application is **CMA Desktop** – a tightly integrated enterprise desktop video application capable of supporting high definition video, voice and content. A key component of the Polycom Converged Management Application, CMA Desktop is as simple to use as instant messaging and scales to thousands of users, connecting from a laptop to an immersive telepresence suite.

- ✓ Centralized management
- ✓ Software provisioning
- ✓ Bandwidth allocation
- ✓ Scheduling
- ✓ Gatekeeping
- ✓ Multiparty conferencing
- ✓ Desktop video
- ✓ Easy to install, manage and maintain

Experience the Simplicity, Scalability and Security of Polycom solutions at a great price!
