

▶ EMEA Polycom[®] RSS 4000[™] HD Live Stream Solution Offer

NST: 2009-09-31873

The **Polycom RSS 4000[™]** Recording and Streaming solution enables users to easily create, access, and view live and recorded video content. Delivering fast ROI, the Polycom RSS 4000 leverages existing telepresence and video investments to expand the use and reduce the costs of communicating over video. Reduce time and distance barriers by increasing access to key resources, messages, and people with the Polycom RSS 4000.

Limited time Polycom RSS 4000[™] HD Live Stream Solution offer – Purchase an RSS 4000 through 30th of June 2010 and receive the High Definition and 200 Web Viewer option at no additional cost, a savings of €7,310 - \$9,500 - £6,280!

The **Polycom RSS 4000** Recording and Streaming solution is a network-based appliance enabling teams and individuals to easily record video content like telepresence meetings, training sessions, and executive communications and deliver them as live streams or on-demand content to audiences worldwide. With the HD Live Stream option, users can stream live events in 720p high definition and it doubles the number of concurrent Video on Demand Web Viewers to 200!

Remove time and distance barriers with the Polycom RSS 4000 recording and streaming solution!
