# Polycom® Consult™

## HIPAA-compliant, easy to use and best-in-class HD audio and video quality

Polycom® Consult™ delivers rich audio and video experiences for practitioners and patients. The natural conversation capability of Polycom Consult makes it a favorite for all telemedicine applications, especially ones for behavioral health and telepsychiatry. The system lets patients and practitioners hear and see each other as if they're in the same room—making everyone feel comfortable with the technology.

Polycom Consult is an attractive and simple way to deploy a powerful solution into smaller consultation rooms or private offices. The included tabletop stand and optional wall mount ensure optimal placement so everyone can be seen and heard clearly. Additional optional accessories or video sources can be attached via an HDMI cable.

The integrated full HD display provides a wide-viewing angle and delivers crisp video quality, while the powerful integrated audio ensures everyone is heard clearly. The audio and video have been finely tuned to maximize the performance of the solution for best-in-class experiences. Plus, you get all the benefits of the industry-leading Polycom® RealPresence® Group Series, including full 1080p60 video or content collaboration, a simple and intuitive interface, and native Microsoft® unified collaboration interoperability to extend the benefits of your UC investment to desktops and smaller huddle spaces.

The Polycom Consult solution is easily orderable with a single part number: 7200-67190-001.

The package consists of:

- Polycom RealPresence Group Series 310 with Polycom® EagleEye™ Acoustic camera
- Polycom RealPresence Group Series Convene media accessory

The camera positioning is adjustable for the best view within any workspace with a wide camera angle and stereo microphone pickups for perfect audio and video.

Polycom Consult will greatly enhance your telemedicine program and allow for better health outcomes.

### Benefits

- HIPAA-compliant for your telemedicine applications
- Best-in-class audio, video and content collaboration experiences for patients and practitioners
- Compact design and integrated cable management for a clutter-free deployment
- Mount your Polycom RealPresence Group Series system and camera all within the unit to save space
